English Theft of energy from the power grid!

Summary

Description	English: This screenshot (of the output of a simulation) is a variation upon a previous version which is intended to show how theft of current can occur if a free energy device is not suitably located far away from manmade sources of energy, such as: the power grid.

Metadata

This file contains additional information such as Exif metadata which may have been added by the digital camera, scanner, or software program used to create or digitize it. If the file has been modified from its original state, some details such as the timestamp may not fully reflect those of the original file. The timestamp is only as accurate as the clock in the camera, and it may be completely wrong.
