File information **Structured data**

Captions [Edit](#)

English Pavel's Generator (aka, MrPreva).

Summary [edit]

Description	English: Pavel's generator does not need any prime mover acting as a source of power to maintain its generation of electricity. It merely needs a tiny AC sine wave generator of 1µV, plus a mutual inductance which is greater than unity, to initiate an overunity escalation towards infinite gain.

Metadata

This file contains additional information such as Exif metadata which may have been added by the digital camera, scanner, or software program used to create or digitize it. If the file has been modified from its original state, some details such as the timestamp may not fully reflect those of the original file. The timestamp is only as accurate as the clock in the camera, and it may be completely wrong.
