Demons do not exist! Viral organisms, of physical or mental or computer origin, do exist.

Demonic possession is a form of viral infestation of the human psyche.

My apologies for this recording getting cut off. It used to be over an hour long of pure inspiration. Now, half of that inspiration is lost!

I have to remember never to use my phone for recording podcasts ever again.

I must remember to use my laptop, instead, to avoid interruptions from text messaging and phone calls.
