

Aim 3

Delivery time

BOB GREENYER

JUN 14, 2026

Since the inception of the Martin Fleischmann Memorial Project, we have had three aims.

1. Show to the world there is a new practical primary energy source we call the **New Fire**
2. Once shown, help develop peoples understanding of what the **New Fire** is
3. Help promote the development and uptake of the **New Fire** in all its various guises

I think it's time to state we are on aim three and discuss what that will involve.

Join the LIVESTREAM today, Sunday the 14th of June 2026 CET to see what has been going on and join the conversation regarding the next steps
